1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a residential Dominion customer.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

The effects of climate change are particularly devastating in the Lowcountry. I want to do my part by installing solar roof panels. However, if Dominion's proposed rate and fee structure is approved, that option will be foreclosed for me and many other SC homeowners and why? So Dominion can increase its attractiveness to investors and shareholders. The public interest is not even considered by Dominion. I urge you to stand up for SC utility customers and support residential solar energy policies that encourage the shift to renewable, sustainable power sources.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

No, because of Covid.
